AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions and listings of claims in the application:

LISTING OF CLAIMS:

Claims 1-7 (canceled).

8. (original): A method of manufacturing an instrument panel mounted on a vehicle, comprising the steps of:

providing a substrate;

depositing an ink permeative layer so as to cover at least one of an obverse face and a reverse face of the substrate;

providing digital print data according to a design of the instrument panel including indicative scales, indicative numerals, indicative characters and indicative symbols on the instrument panel which are visually presented to a driver; and

jetting ink to the ink permeative layer in accordance with the digital print data.

9. (original): The manufacturing method as set forth in claim 8, further comprising the step of determining the design of the instrument panel according to a request of the driver.
